Unfortunately, for the second day, students in grades 3-8 who were scheduled to complete ISTEP+ online testing today, likely experienced disruptions to their testing sessions. This was a statewide problem again today and not just a Greenfield-Central issue. Due to the widespread reports of disruption, Greenfield-Central discontinued Tuesday's testing schedule. Students will have an opportunity to complete any session that was disrupted.

We regret any frustration this may have created for students and staff. We hope the problems that have occurred on both days will be corrected before testing resumes on Wednesday.
